## Food & beverages

Not only will you taste some of the local Funen specialties, but you will also get a full gourmet experience from our collaborator Smag&Smil. With focus on organic, nutritious, and healthy food you are guaranteed to stay energized all day.

Our sustainable focus throughout the entire event will make sure you get a unique experience all the while caring for the environment. We only team up with local suppliers and vendors. Your wine is served from local Funen-based wine supplier H.J. Hansen, and your beer is brewed from the well-known and historic brewery Albani, who has supplied all of Denmark with its popular beers since 1859. We offer soft drinks, coffee, and tea as well.

Light snacks will be served between the main meals.

## The VIP lounge

When it's time to relax and recharge, our spectacular lounge surrounds you with the perfect setting for meeting business partners, colleagues, friends, and family. Have a bite to eat and a cold drink without missing a match. We will make sure you are up to date with big screen TVs in the VIP area.
